Preferences has been told that there is an expansion card in slot 2, but there is actually no card in this slot.

The Lisa is having technical difficulties starting the LisaWrite tool.
The tool appears to be damaged.

Refer to the Lisa Office System manual, Appendix A, Office System Error Messages, under Difficulty Starting Tool.

The Lisa is putting everything away before turning off.

To terminate the operation, hold down the Apple key while
you type a period.

WARNING: If you intend to turn the disk off, wait until the light in the Lisa's on-off button goes off.
